

Fitch affirms Northwestern Mutual's AAA rating, highlights its competitive position, strong balance sheet and stable earnings

MILWAUKEE, May 25, 2016 /PRNewswire/ -- Fitch Ratings has affirmed Northwestern Mutual's AAA financial strength rating, the highest possible rating from Fitch.

"Fitch's ratings reflect Northwestern's leading competitive position in the U.S. individual life insurance market, extremely strong balance sheet fundamentals and stable earnings profile," the rating agency said.

The rating underscores the company's strong financial position, judicious expense management and ability to meet policyowner commitments.

Favorable results

"Fitch considers Northwestern's key competitive advantages to include its successful distribution system, large and stable block of traditional life insurance and expense advantage relative to peers," the agency said.

Despite low interest rates, financial market volatility and a weak economic environment in the United States and abroad, Fitch described Northwestern Mutual's results as "favorable."

"The stability of Northwestern's earnings can be attributed to low expense levels and strong mortality, and persistency results of its life business," Fitch said.
