

Florida Policyowners

Northwestern Mutual extends its support to families and businesses affected by Hurricane Michael. Northwestern Mutual and Northwestern Long Term Care are reinstating any individual life, DI, and LTC policies with payers in thirty-five counties (those counties identified by the State of Florida) which lapsed due to non-payment of premium since September 27, 2018. In addition, we will suppress lapse notices and prevent lapse of life, DI, and LTC policies with payers in these counties due to non-payment of premium until January 7, 2019.
