

# Moody's Maintains Highest Rating and Stable Outlook for Northwestern Mutual

Agency Says "Northwestern Mutual to Weather the Coronavirus-Driven Storm with Excellent Liquidity and Capitalization"

MILWAUKEE, July 13, 2020 /PRNewswire/ -- Moody's Investors Service ("Moody's") maintains Northwestern Mutual's Aaa (highest) rating and stable outlook in a recently released update.

"This is a powerful statement about how we manage the company for the long-term benefit of our policyowners," said John Schlifske, chairman, president, and chief executive officer. "With this report from Moody's, all four major ratings agencies have now maintained our highest-possible financial strength ratings in 2020, including stable outlooks. This is particularly notable because we are one of only two companies in America - across all industries - that currently have this rating and outlook from Moody's. Our policyowners can have confidence in our strength and stability - even during a volatile economic time."

Moody's especially recognized the company's extremely strong, sophisticated and well-trained field force, noting, "Northwestern Mutual's field force is one of the most productive and efficient distribution forces in the industry." Also noted were the company's "engagement to their advisor network" and excellent advisor retention.

Moody's acknowledged the company's mutual ownership structure and very strong commitment to its field force, clients and conservative management philosophy, stating, "The company's management does not stray from its core policyowner-oriented principles."

For Northwestern Mutual's "exceptional business and financial strength," Moody's credited a "robust and resilient balance sheet" and also the company's exceptional position in participating whole life insurance, "the lowest risk product in the industry."

"These ratings are based on comprehensive, objective reviews of our company's performance and guiding principles across multiple essential areas. This is vital external validation for policyowner that real results back up our promises of both strength and value," said Todd Jones, vice president and controller.

## Report also highlighted key competitive advantages

**Distribution:** Northwestern Mutual's "strong digital capabilities" and "accelerated adaptability to digital platforms" have sustained the field's productivity through the pandemic.

**Brand:** "The Northwestern Mutual brand is extremely well respected in the industry."

**Profitability:** Northwestern Mutual has a "strong value proposition" and "The company's very strong, long-term pre-dividend profitability is more than double mutual peers."
